

Amendments to the Claims:

The following listing of claims will replace all prior versions, and listings, of claims in the application:

- 1-9. (Canceled)
10. (New) An insulating sheet for a hard disk device, comprising:
 - a resin film having insulating attributes and an adhesive layer attached to a surface of the resin film, wherein
 - the adhesive layer is formed of polyester resin;
 - the adhesive layer has an adhesiveness-exhibiting temperature higher than normal ambient temperature;
 - a buffer layer having buffering attributes is attached to a surface of the adhesive layer; and
 - the adhesive layer is exposed at an edge of the insulating sheet.
11. (New) The insulating sheet according to claim 10, wherein the buffer layer is formed of urethane foam.
12. (New) The insulating sheet according to claim 11, wherein the resin film is formed from polyethylene terephthalate.
